

A sin to become as the Gods?

I never quite understood the concept of striving to attain "godhead." I have especially a hard time understanding this in relation to the Book of Genesis. For example, in Chapter 3, Adam and Eve are cast out of Eden for exactly that - becoming like "gods." And Lucifer's sin, as described in the Bible, was attempting to become as powerful as God (Isiah 14:12-14). He was punished by God. Would not a man aspiring to reach "godhead" find the same fate?
